

School Spirit Activewear Program Details

**PROMOTE
SCHOOL SPIRIT**

**RAISE MONEY
FOR YOUR GROUP**

You can have the benefits of a school spirit program and a fund raiser in one easy to manage activity by promoting Winning Edge's School Activewear Program.

All you have to do is:

- Receive school permission
- Pick one of our stock name drop designs or show us your design and we will prepare it for you
- Pick up to six items to sell
- Photocopy and hand out order forms
- Promote program with posters throughout the school
- Collect order forms and verify totals (minimum \$500 total order)
- Hand out the finished School Activewear products which are packaged by order form.

That is all!!! It only amounts to about 2-3 hours of your time. Winning Edge handles the rest and delivers the attractive School Activewear individually packaged by order form. No sorting or packaging by you. No guessing sizes and quantities. Delivery will be three weeks from the date you place your order with our company.

Winning Edge has designed this program to be as simple as possible and consume the least amount of time. We do the work for you.

Winning Edge hopes you consider our School Activewear Program and allow one of our sales representatives to visit your school to discuss the program details.

School Spirit Activewear Program Benefits

Winning Edge has developed this program with four basic benefits to your school:

1. Promote school spirit and unity
2. Easy to implement
3. Keep prices at a minimum
4. Absolutely no cost to the school

First, this program helps promote spirit and unity. Your school name and mascot imprinted on activewear show support and enthusiasm for the school. Imprinted activewear also provides a sense of unity, whether for the whole school or for teams when participating in activities. This program incorporates attractive activewear and modern imprinted graphics.

Second, this program is designed to make it easy for your school to implement. We will provide a master order form ready for you to reproduce and hand out. Then simply collect the order forms, verify totals, and we will do the rest. Your school activewear will be delivered in individual bags by order form - no sorting or counting for you to do.

Third, this program helps to keep prices at a minimum and remove risk. The use of a standardized program allows for lower administration cost for Winning Edge and in return for your school. Winning Edge uses a **One Price** system which takes the risk out of resale pricing. We sell to you at the same price whether you sell 12 or 112 of a particular item. Thus you know your profit on each item sold.

Fourth, this program costs your school no money. You can sell items at your cost or you can add to the cost and use the program as a fund raiser.

Additional details can be discussed with a Winning Edge Sales Representative. Please call for an appointment for us to visit your school.
